Subject: Scott Burrows

Scott Burrows' inspirational message to our conference attendees will be remembered for many years to come. It is unusual to receive so many compliments for having such a speaker but in Scott's case it is clearly understandable. I have been in the business of motivating sales people for a very long time but not with the message nor the obvious gift which only he can offer. Thank-you Scott for being a part of our conference in Orlando this year.

Bill Lucas
