Dear Scott

Thank you for your presentation at Siskin Hospital's 6th Annual *Possibilities: Siskin Hospital Celebrates Life Beyond Disability* luncheon on February 25, 2009. It was a pleasure to meet you and hear your story of life beyond disability.

The Siskin Hospital staff and guests were encouraged and inspired by the obstacles that you have overcome, and the passion that you have for life. Our audience was challenged to persevere in the face of adversity and live a life full of *Possibilities*.

Additionally, we were pleased with your efforts to share with guests the importance of contributions for patients needing rehabilitation services. While this is our sixth year of hosting the *Possibilities* luncheon, it was the first time that a speaker discussed the need for support for patients without insurance to cover the cost of their care.

We have received very positive feedback from those who attended, including our Steering Committee and its co-chairs, our Board, and our staff. I have had several people call me to tell me how your presentation moved them to re-evaluate their life's priorities.

Thank you for your efforts on behalf of Siskin Hospital and our patients. We wish you well in your future endeavors as you educate others around the country on the importance of rehabilitation services.

Sincerely,

Robert P. Main
