Dear Scott:

I wanted to let you know how much our members enjoyed your presentation "Stand Up to Your Challenges." Besides being incredibly inspirational, we all felt that you shared a personal moment with us despite there being over 1,000 people in the room. That is a special gift. Over 90% of our attendee surveys have said that your presentation was one of the events they liked best at the convention. That's a win not only for you but for us as meeting planners!

Again, thank you for speaking for us. We wish you all the best as you pursue your dreams.

Sincerely,

Meg Collins
Director of Membership Services
