Scott,

You were absolutely fantastic! Never have I seen a group of OR Nurses and OR techs so enthralled with a presentation. You made them laugh, you made them cry, and you made a difference. Thanks for touching our lives in so many ways.

I will spread the word of your wonderful presentation far and wide. Your willingness to speak to us all pro bono is a wonderful gift to those who need to hear your message but have to deal with slashed budgets. Your "gift" far exceeds what you said here today.
God bless,
Marcia

Marcia W. Parker, RN, MSN, CNOR
