Our next speaker has an unforgettable, life-changing story that proves that limits can be exceeded, barriers broken and that no circumstances can ever destroy the power of the human spirit.

By the age of 19, he was playing college football and was a top-ranked kick-boxing black-belt champion, having his last fight broadcast by ESPN.

That same year, however, our speaker's life changed dramatically. He was involved in a car accident that left him paralyzed from the chest down and diagnosed a quadriplegic.

Despite his grim diagnosis, he refused to be sidelined.

Today, as a successful business entrepreneur, motivational speaker and bestselling author of *Vision-Mindset-Grit*, he travels the world inspiring organizations to stand up to any challenge.

Now, to give you an idea how he lived and what he went through after his life-changing accident, let's watch this 90-second **Video**...
